

RELIANCE DEDUCTIBLE COVERAGE

Stay afloat, we've got your deductible covered

Reliance Deductible Coverage is a stand-alone insurance policy which reimburses your deductible in the event of a claim covered by your primary property insurer.

Deductible coverage could save you money!

At LeGear Pelling we have been promoting the cost effectiveness of higher deductibles for over a decade. As a service to our clients we are now offering "Deductible Coverage". Depending on your current premium, taking an even higher deductible and then buying back some or all of your deductible could be an effective way to help reduce your overall insurance premiums.
